WILL KEEP ALL SECRET

Deliberation of the International Commission to be Private
NONE OF THE PROCEEDINGS TO BE MADE PUBLIC

Washington, Sept. 13--Special--Little will be known of the doings of the commissioners appointed to settle the disputes with Spain until they have completed their work. All the commissioners are pledged to secrecy, and hence whatever may be published regarding the proceedings will be mere speculation. The American commissioners are acting under instructions that cover every point likely to be raised. It is believed that the result of the conferences will be a considerable access of territory--that Porto Rico and Luzon will be acquired and that at least one of the Caroline islands will become the property of the United States. This much is accepted as a fixed part of the American program.

Troublesome Philippines.

Washington, Sept. 13--Special--The situation in the Philippines still creates anxiety here, and it may be necessary to discipline Aguinaldo in an exemplary manner. The rebel chief is growing more defiant daily, and threatens an attack upon the American troops unless he is allowed to have his own way. That way is not to the liking of Gen. Otis or Admiral Dewey. It is evident here that in taking possession of Manila the United States has caught a Tartar, and will have some difficulty in letting go. The difficulties of the situation are forcing officials to the conclusion that possessions in that portion of the world are not desirable, and it is probable that the retention of a coaling and naval station only will be insisted upon at the Paris conference.

Names Kept Secret.

Washington, Sept. 13--Special--The president has tendered the positions on the war department investigating committee to a number of persons whose names will not be announced. He thinks he made a mistake in announcing the names of the men he asked to serve Saturday.

Brooke Will Not Talk.

San Juan, Sept. 13--Special--Gen. Brooke declines to talk of the report censuring him for the condition of Camp Thomas. He intimates that he may make an official report later. He says when he left Chickamauga the camp was in excellent condition.

Garcia's Peaceful Efforts.

Santiago, Sept. 13--Special--Col. Garcia, son of the ex-Cuban leader, has arrived here. He says his father has been exerting his personal influence among the Cubans to turn over their arms to the Americans and return home and go to work.

Start For Home.

Wants a Parade.

Washington, Sept. 13--Special--Gen. Miles is still making efforts to have a parade of the Fifth corps in New York Saturday. He conferred with the president on the subject this morning.

Sick at Santiago.

Santiago, Sept. 13--Special--Five men of the Fifth regulars have died since their arrival here. Forty per cent. of the regiment are sick. Illness among the troops is increasing.

Bridgeport, Conn., Sept. 13--[Special]--The trunk belonging to the young woman's body, the head and legs of which were found in a pond near here yesterday, was recovered this morning. The remains have not been identified. The examination of the trunk revealed the fact that the stomach and intestines had been removed by a skillful hand.

FAVORABLE TO PEACE

Baltimore, Sept. 13--[Special]--It is reported that President McKinley recently told a delegation of Baltimore friends that he has officially communicated with the czar regarding the universal disarmament proposal, and had appointed a representative of this country to attend the international convention.

ENJOYED A PLEASANT SOCIAL

Interesting Entertainment Given At the Baptist Church

In the parlors of the Baptist church last evening an enjoyable and novel social took place. C. S. Cleland had charge, and arranged an interesting evening's program. A piano duet opened the program by Misses Rose Rathorn and Jennie Spoon. B. F. Dunwiddie gave an interesting account of his eastern trip, telling of his visit to Buffalo, New York, Boston and Washington. E. N. Butterfield, the Baptist church's soldier boy, told of his experience with Co. A.

Mrs. Elizabeth Butler gave an excellent talk on her recent trip to the British Isles, France and Switzerland. Rev. Mr. Kempton brought the program to a close by describing his recent visit to Chicago, when he was taking a special course of study at the University of Chicago, occupying the pulpit of the Second Baptist church on Sundays.

After the program cocoa and cake were served.

Y. M. C. A. LECTURE COURSE

It Will Begin Early in October and Promises to be Interesting

At the Y. M. C. A. building this afternoon a special meeting was scheduled for those interested in the junior department of the association. The work of the department was explained in full and promises to interest many through the coming winter. The regular monthly meeting of the board of directors of the Y. M. C. A. was held at the building last evening.

The report of the lecture course promises to be very successful. Ten attractions will be given for \$1.50 and for members of the association and the auxiliary \$1. The course will open on October 3 with Col. L. F. Copeland, of Harrisburg, Pennsylvania. Twenty-three associate and eleven active members were voted in.

WISCONSIN MEN TO GO SOUTH

Fourth Regiment Ordered to Anniston, Alabama.

The Fourth Wisconsin Volunteer infantry, which has been at Camp Douglas all summer, is to be moved to Anniston, Ala. Yesterday Colonel Jones made contracts with the Chicago, Milwaukee & St. Paul, and the Chicago & Northwestern railroads, to take the regiment to Chicago. From there they will be taken over the Chicago and Alton to this new southern camp.

The movement of new troops south suggests the idea that perhaps there is a hitch in the peace negotiations. Some of the men of Colonel Young's cavalry who were told of the advance of the Wisconsin boys felt sure the orders to cease turning over their horses to the government meant that they were to get out of the country after all.

MAY YET SUFFER DEATH

Assassin of the Empress of Austria May Be Surrendered by Switzerland.

Geneva, Sept. 13--[Special]--The special train which is to convey the body of the empress of Austria to Vienna, arrived this morning. Four dignitaries of the Austrian court sent by the emperor, came on the train. It will probably start for Vienna tomorrow. It is possible the assassin may not escape the death penalty. He may be delivered over to Austria under the law of extra-territoriality. According to statements made in the Spanish press the assassin was the instrument of an anarchist plot.

ENGLAND WANTS CRETE

Will Agree to Maintain Order If She Is Permitted to Have Sway.

Athens, Sept. 13--[Special]--It is reported that England has notified other powers that she is willing to undertake the entire responsibility of restoring and maintaining order in Crete providing the European concert determines to remove the Turkish troops from the island.

TURKEY MUST SETTLE

Property of Americans Destroyed in Armenia Must Be Paid For Right Speedily.

London, Sept. 13--[Special]--A Constantinople dispatch says the United States has replied to the note of the Turkish government declining to accept the sultan's repudiation of responsibility for damage done to property owned by Americans during the Armenian riots.

CUT ON A CORN STALK STUB

Son of Mr. and Mrs. S. Brown Meets With Peculiar Accident.

An eight year old son of Mr. and Mrs. Sheldon Brown met with a peculiar but fortunate accident this morning. While on his way to school the boy crossed a corn field from which the corn had been cut. Tripping, he fell in such a way that one of the sharp stubs cut one corner of his eyelid loose. The cut extended half an inch vertically and the same distance horizontally under the eye. Had the stub struck a fraction of an inch to one side, the boy would have lost his eye. Dr. Thorne and Dr. Ohltenden dressed the injury.

PRIVATE OSGOOD'S REMAINS

They Are Expected To Arrive This Evening from Jacksonville.

At a late hour this afternoon nothing had been heard of the remains of the late Clark F. Osgood, a private in Company E, First Wisconsin, who died last week at Jacksonville, and whose funeral was to have been held here yesterday from the Congregational church. The remains are now expected this evening.

The members of companies E and A, of the G. A. R. and Woman's Relief Corps, the Soldiers' Aid society and others will attend the funeral at 4 p.m.

ON THEIR WAY TO THE NORTH

Privates Bond and Caniff Are Coming From Jacksonville.

Local relatives have been notified that Privates Bond & Caniff, of Co. A, who have been ill at Jacksonville, are now on their way home, having made the trip north with the last train to leave with the sick that were able to be moved. Both are ill as the result of fever, although nothing of a serious nature is expected from their sickness.

Just when they will arrive in Janesville is at present not known. The other Janesville boys now ill at Jacksonville are slowly improving.

WILLING TO RETURN HOME

Runaway Boy Promises to Go to His Mother in Iowa

Sheriff Acheson has received word from Mrs. Ann Kelly, of Des Moines, Iowa, stating that money will be forwarded at once for the purpose of sending her runaway son, who is still in jail here, home. She says that her boy ran away with a negro, and that it is the first time he ever did such a thing. The runaway lad says he is willing to return, and that there is no place like home. He has been in jail here since Friday, and is only fourteen years of age.

FROM TWO POINTS OF VIEW

Negroes As Seen by Janesville and by Southern Soldiers.

EDITOR GAZETTE--It is amusing to compare what a member of Co. H says of the sociability of the negroes with the whites "who haven't brains to appreciate it," with the opinion of a southern soldier. "The negroes here at Jacksonville have the reputation of being the meanest in the United States and the northern troops have humored them until they are almost unbearable."

DON'T WANT TO PARADE

Returned Soldiers Object to Proposed New York March

TOO SICK AND RAGGED TO MAKE CREDITABLE APPEARANCE

Montauk, L. I., Sept. 13--Special--The soldiers here are loud in their praises of President McKinley for prohibiting the proposed parade of returned soldiers in New York. The men are not in fit condition for a parade. In the first place they are far from well, those not on the sick list being too feeble for a long tramp through the streets of New York. Then their equipment is poor and their uniforms tattered and dirty, and they would make but a beggarly appearance. The soldiers like to appear stalwart and well clad in public, and realize that in their present condition they would excite only ridicule or commiseration, both of which they shrink from.

Prize Money.

Washington, Sept. 13--Special--The latest estimate as to the distribution of prize money resulting from the naval victories gives Sampson \$100,000; Schley \$5,000; Dewey \$9,000; the captains of Sampson's fleet \$4,000 each; the captains of Dewey's fleet \$3,000 each; men on an average \$165.

Will Write Notes.

Havana Sept. 13--Special--The Spanish commissioners held a private conference this morning to draft a reply to the note sent them by the American commissioners yesterday. It now seems the work of the commissions will be done by an exchange of notes rather than by joint sessions.

SCARED BY A SALUTE NINETY-ONE WRECKED

Musselmen at Candia Display Terror At the Sound of British Guns.

Candia, Sept. 13--[Special]--Reinforcements continue to arrive. The Musselmans were in much terror when a salute was fired in honor of the British admiral. They rushed frantically into the streets, uttering cries of despair thinking the town was being bombarded. Qalet has resigned for several days. The victims of the recent massacre number 500.

Once Believed to Be the Only Cure For Piles and Rectal Diseases.

A Better Way Now Discovered Which Cures Every Form Of Piles Without Pain Or Inconvenience.

Many people suffer the pain, annoyance and other serious results from piles, for years, and after trying the many lotions, salves, ointments and many so-called cures without cure or relief, give up the hope of a final cure, rather than submit to the intense pain and danger to life which a surgical operation involves.

Happily all this suffering is no longer necessary since the discovery of the Pyramid Pile Cure, a remedy which is approved by the medical profession as being absolutely safe, free from any trace of opiates, narcotics or mineral poisons and which may be depended upon as a sure cure, (not merely relief) in any form of piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures recently made are little short of marvelous: as a personal of the following will demonstrate.

Major Dean of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectively cured me.

Dr. J. W. McEgan, Leonardville, Kan., writes: "I have used a box of Pyramid Pile Cure and received more benefit and relief than from any other remedy I have used in the past twenty years."

James Jamerson, Dubuque, Iowa, says: I suffered for six years; have just used the Pyramid Pile Cure and am a well man.

Mrs. M. O. Hinkley, 601 Mississippi street, Indianapolis, Ind., says: Have been a sufferer for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in short time a complete cure.

The Pyramid Pile Cure may be found at druggists at 50 cents and \$1 per package. A book on cause and cure of piles will be sent by mail by addressing the Pyramid Drug Co., Marshall, Mich.

TURKISH TROOPS MUST GO.
Ottoman Soldiers to Be Removed from Crete.
CHRISTIANS WANT REVENGE.
Armed Bodies Massing and Threaten to March on Candia—British Vice Consul Brutally Murdered—Horrible Scenes on the Island.

Canea, Crete, Sept. 13.—The foreign admirals have resolved, in consequence of the disturbance in Candia, that the Ottoman troops must withdraw from the island of Crete at once.

The admirals have sent identical telegrams to their respective governments stating that the situation is very grave. The Christians are assembling to march on Candia, and a conflict is imminent. The Mohammedans at Retimo and Canea have assumed a threatening attitude. Each admiral has asked for another battalion of troops.

Rear Admiral Noel, the British commander, has taken charge. He landed with M. Biliotti, British consul, and inspected the town. The aspect of the town is horrible. Everywhere there were ruins, some of which were still smoldering. A few Moslems watched the progress of the admiral in apparent awe. Not a voice was raised.

The plucky telegraph staff is guarded by Ottoman troops. International troops are in their own camp, which is strongly barricaded and has guns mounted, but it is incapable of making a defense against a strong attack without support from warships.

The Porte has ordered the formation of a commission of Deys to estimate the damage. Many of these suffered heavy losses. They admit that the conduct of the bashi-bazouks and Turkish troops is indefensible. The mob, however, were desperate owing to their disappointment at the delay of the settlement of the Cretan question, and their privations, losses, and confinement in towns.

The Italian vice-consul describes the recent massacre of Christians by Muslims as being accompanied by ghastly scenes. The mob burst into the British consulate, where British Vice-Consul Calosherino and many Christians had taken refuge. Once inside the building, the mob compelled the vice-consul to deliver the money in his possession, which amounted to about 2,000 napoleons, and then slit his throat and set fire to the premises. The Turkish guard that had been posted to protect the consulate fired on the Christians. Looting, however, was not confined to the houses of the Christians. Much Turkish property was either plundered or destroyed.

Horrible Scenes in Crete.
London, Sept. 13.—The correspondent of the Times at Candia, island of Crete, who has just landed after five days in the roadstead, says: "About 600 men, women and children were either burned alive or massacred in the outbreak last week. Blood is visible everywhere. Such bodies of the slain as were not burned were removed in carts and buried outside the town limits."

VICTIMS OF JEROME FIRE.
Seven Persons Known to Have Perished—Large Property Loss.
Prescott, Ariz., Sept. 13.—Sunday's fire in Jerome resulted in the loss of the following lives:
MEXICAN WOMAN AND HER TWO CHILDREN.
WILFORD, an undertaker.
A DRY-GOODS CLERK, name unknown.
TWO LABORERS, names unknown.
The number of missing is placed at fifteen. People familiar with Jerome place the property loss at figures ranging from \$500,000 to \$750,000. There was but little insurance, the total aggregating less than \$50,000.

Sons of Veterans at Omaha.
Omaha, Neb., Sept. 13.—The seventeenth annual encampment of the Sons of Veterans was called to order in this city by Senior Vice-Commander George E. Cogshall of Grand Rapids, Mich., in the absence of Commander-in-Chief Charles K. Darling of Boston, who is in Porto Rico in command of the Sixth Massachusetts volunteers. About 150 delegates responded to the roll call. There will be a fight over the election of the commander-in-chief, for which office there are three prominent candidates—W. S. Oberier of New York, Col. Shepard of Illinois and Lieut.-Gov. Jones of Ohio. There are three cities after the next encampment—Denver, San Francisco and Boston.

Railway Firemen in Session.
Toronto, Ont., Sept. 13.—The sixth biennial convention of the Brotherhood of Locomotive Firemen opened Monday. There are 1,500 delegates and visitors now in the city. The convention will last ten days or longer. A number of changes in the constitution and in the beneficiary will be considered. An interesting contest for the successor to Grand Master F. P. Sargeant is expected. It is understood the contest will be between Grand Secretary Arnold and First Vice-Grand Master J. J. Hannabau.

Red Men's Council Meets.
Indianapolis, Ind., Sept. 13.—The National Council of the Order of Red Men began its annual convention here Monday. The council will continue in session during the week. About 15,000 members are expected to attend the gathering. One of the important questions to be disposed of will be the eligibility to the order of men engaged in the liquor business.

WHY USE
Pond's Extract
Why not something else?
Because
"Dr. J. J. THOMAS says: 'It is incomparably superior to any extract of Hamamelis I have ever used.'"
"Dr. O. G. RANDALL says: 'Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best.'"
"Dr. J. C. MITCHELL says: 'Pond's Extract of Hamamelis Virginia is the only reliable article I have found.'"
"Dr. H. K. WEILER says: 'The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar.'"
"Dr. H. F. MERRILL says: 'It is far superior to any I have used in strength and purity.'"
"Dr. R. J. HARRISON says: 'I have never found any extract equal to Pond's.'"
"Dr. POWELL says: 'Hereafter I shall use no other than Pond's Extract.'"
And numerous others of similar purport.

And that's why.

CREDIT DUE GOV. SCOFIELD.
The Milwaukee Journal, independent, under the above heading, states the case as follows:

"Gov. Scofield has given his best personal attention to the troops in the field, as becomes a state executive. It is a duty falling to his lot by virtue of his place. That he has done it honestly and to the best of his ability is to his credit. Those who inquire into his motives, go beyond the record; he has recognized his duty and performed it as well as he could. He could have done no more were he not a candidate before the people. His course in this respect may not entitle him to the votes of the people, but it does entitle him to the respect of all men. It entitles him to a generous recognition in this matter as an efficient officer. This duty of the governor is an obvious one, but it is very far from being his only duty and it is not one which his successors for many years will be called upon to fulfill. But the state need not be ashamed of its executive nor can it afford to withhold frank acknowledgment of his good work for the soldiers. Political capital can be made out of this only by the withholding of earned credit by the democrats and letting the republicans work it in his favor.

"We see in some populist prints a disposition to make light of the governor's work to relieve the soldiers. The only way to make politics out of this matter is to raise an issue by refusing to give the governor full credit for his services."

U. O. Russell's declaration that the democrats wanted to run the campaign on state issues, is undoubtedly true. The gaunt spectre of the skeleton of the dead-and-buried free silver issue scares the democratic brethren, but like Banquo's ghost, it will not stay down. The democrats are tied fast and strong to free silver and cannot free themselves no matter how hard they tug.

The Milwaukee Journal interviewed some of the volunteer officers and quotes lieutenant F. H. Baldwin, of this city, as follows: "We have about fifteen sick, all told. Most of our men were taken sick by eating too much watermelon and such things. In general I think that the men were satisfied."

A great row has been caused among the populists of Nebraska by the discovery of the fact that a number of the most prominent leaders ride on free passes, and accept other accommodations from corporations. The Nebraska populists seem to be reformers in name only.

There is every reason to believe that all who desire will have the opportunity of enlisting in the regular army. General Miles favors a force of men on a ratio of one soldier to each 1,000 population.

Some of the people who have yelled the loudest for an investigation of the war department, are now "hedging." The investigation will be fair and

thorough, and is likely to cut both ways.

GLADSTONE'S LACK OF HUMOR

Little Ruse of Disraeli's That Annoyed Him Unpleasantly.

In some of the laudatory obituaries of Mr. Gladstone I have seen it said that he had a keen sense of humor, says London Truth. I venture to question this. I have heard him make playful speeches, but they were the play of a cat with a mouse. He was too terribly in earnest to see the humor of any situation. There are many men who—earnest as they may be to attain their ends—yet never lose sight of the humorous side even of their own earnestness. Mr. Gladstone, I should imagine, was not one of these. Had he been led out to execution it would never have occurred to him, as it did to Sir Thomas More, to console himself by a humorous view of the impending ax. I remember two scenes between Mr. Gladstone and Mr. Disraeli in the house of commons which illustrate what I mean. When the reform bill of the latter was in committee in 1886, a discussion raged for days about compound householders. Mr. Gladstone and the liberals denounced the refusal to give a vote to the compounders as a thing almost too wicked for words and it was thought that the ministry must be defeated on it. One evening, member after member rose from the ministerial benches to declare that the government, collectively and individually, would prefer death rather than that compound householders should have votes. The house, as usual, emptied with the approach of the dinner hour. At about 9 o'clock Mr. Disraeli got up, when there were not above twenty or thirty members present. There seemed, he said, to be a difference of opinion about compound householders having votes. He himself had no strong views on the subject. The opposition appeared to have strong views. The question was of very little importance and, in order to expedite the bill, he would be quite ready for them to have votes. A messenger was at once dispatched to Mr. Gladstone, who had gone home to dinner. A little after 10 the house filled up and Mr. Gladstone reappeared. Almost every one was tickled at the joke of Mr. Disraeli having in a few brief words thrown over his colleagues and at their having to eat their own words. Not so Mr. Gladstone. He thundered against Mr. Disraeli, at his ignorance of his own bill, at his levity and so on. The other occasion was this. Mr. Gladstone was in the midst of a scathing denunciation of Mr. Disraeli. The latter sat like a sphinx, immovable and imperious. Then he put up his eyeglasses and looked at the clock, slowly rose, shrugged his shoulders, as he usually did on getting up in order to get his coat into the right position, and slowly walked out of the house. It never seemed to occur to Mr. Gladstone that all this was done in order to irritate him. He stopped short in his speech, he clutched at the table and only after a minute or two resumed his speech.

Spain Neglected Her Navy.

New York, Sept. 13.—A special to the Herald from Washington says: "According to information all the money spent by Spain during the war has been expended on expeditions sent to the colonies. Of the millions spent only \$5,000,000 was used by the Spanish government to increase its naval force. El Mundo, commenting upon this small appropriation for the navy when such a large sum was expended for the army, points out that with the entire appropriation sixty-six battleships could have been secured.

Incendiary Fire in Indiana.

Washington, Ind., Sept. 13.—A fire at Petersburg Sunday night destroyed five buildings, on which there was scarcely any insurance. The building where the fire started had been fixed up for a liquor saloon. The sentiment of the community is strongly opposed to saloons, and it is believed that the fire was incendiary.

A Welsh Sermon.

The Welsh are noted for their fondness for sermons and music. The annual Eisteddfod, the national bardic congress, is attended by thousands, who, on the great day of festival, "cahir" the fortunate bard, the winner of the prize. A similar enthusiasm greets the Welsh preacher who is eloquent in speech and practical in expounding the Scriptures. The following story of a Welsh preacher, told in the "Journals of Walter White," illustrates the graphic, simple exposition, which commanded the attention of the congregation: "Noe worked at the Ark, driving in nails, plump, plump, plump. The haythen came and said, 'Noe, there's good hunting in the woods here, hares and foxes, leave your work and come and hunt.' But Noe kept on hammering, plump, plump, plump. 'They haythen came again: 'Noe, there's good beer at the Red Lion, leave your work and come and drink.' But Noe kept on hammering, plump, plump, plump; and then the rain came, and the flood lifted up the Ark and carried Noe away and left the haythen all screaming and squabbling in the water."

Gold from Sea Water.

In view of the contemporary interest in the various methods for obtaining gold from sea water, the most recent analyses made by Don, of New Zealand, are referred to in a recent issue of the Engineering and Mining Journal. He treated six samples of sea water by different methods, and found quantities of gold varying from .001 grain to .073 grain, the average of the six determinations being .071 grain per ton of sea water. The value of the fine gold would be three-tenths of one cent per ton of water. The analyses are considered most trustworthy, and, according to the Journal, render absurd the claims of those who pretend to be treating sea water for its contents in gold with commercial results.

FATHER AND SON ALIKE ARE BRAVE

YOUNG CLARK OSGOOD SACRIFICED HIS LIFE

Entered the Army at a Tender Age As His Sire Did Before Him—Sickness Attacks and Death Claims Him In the Camp at Jacksonville.

The story of young Clark Osgood, of Afton, in this county, as told by the Milwaukee Sentinel, is full of pathos: An unusually interesting, though pathetic instance of this is brought to mind by the death of Clark Osgood, the Wisconsin soldier who died at Jacksonville just as his comrades were starting home. Young Osgood, who was but eighteen years of age, was the only soldier boy that enlisted from the little village of Afton, Wis., where he was a prime favorite. Like other boys, he was anxious to enlist, being doubly so in order that he might follow the example of his father, George Osgood who enlisted in the civil war when only 14 years of age. The senior Osgood, being unusually large for his age, managed to hoodwink the recruiting officers in 1865, and became a member of Co. F, Forty-seventh Wisconsin regiment. His captain was George Wright, well known to the older Milwaukeeans as the commanding officer of the famous Milwaukee Light guard.

The company saw no battle; but the men won their spurs in several well-conducted raids on bushwhackers in the mountains of Alabama. George Osgood's advice to his son, Clark, when bidding him good-bye—as it proves now forever—was characteristic of a veteran soldier: "Obey orders and you'll get along."

And the young soldier did "get along" until he was stricken with the dreaded fever which has conquered so many of the brave boys in blue. The testimony from his officers and comrades shows that he was a model soldier besides being a royal favorite among his comrades.

The circumstances of his death were peculiarly sad. His health had been extremely good until a month ago, when he was seized with a light attack of malarial fever. He was not obliged to go to the hospital, and a week ago wrote to his mother saying that the regiment would start for home in about a week and expressing a great longing to come home. He was not seriously ill then, indeed was considered nearly well. His mother is a prominent member of the Afton Baptist church and went to Clinton Tuesday to attend a three days' session of the Janesville Baptist association. She expected her boy home the following Saturday and spoke to her many friends of the joy she felt in having her son safe home again. Thursday morning she received a telegram saying that he was low, and she started at once for Jacksonville, being met at Chicago by another telegram with the sad news of his death. He will be buried at Afton, where he has lived his brave life, and where the memory of his devotion to his country will linger, a beautiful testimony to the heroism of our American soldier boys.

FIRST CLASS IN ALL THINGS

Haverly's Minstrels Gave an Excellent Show Last Evening

That Janesville appreciates a good show was attested last evening when the Myers Grand was filled to overflowing to witness the Haverly's minstrels in their up-to-date performance. Those present, too, were among our best citizens, who were liberal in their applause and uproarious in their laughter.

The performance throughout was clean and artistic. There was nothing said or done that could cause a blush on the cheek of the most modest. The olio of pathetic and sentimental songs was excellent and the vocalists were above criticism. Each received a hearty encore. The stage setting was superb, being an imitation of the deck of Dewey's flagship. The finale to the olio was exceedingly fine and stirred the audience to a frenzy of delight.

The specialties were all constructed and executed without the slightest hitch. The comicolities of Billy Rice and Frank Cushman were highly entertaining, while the plantation scene was well gotten up and full of laughter.

Seldom are so many fine voices grouped in one company as in this. All the singers are artists of great ability with voices well trained. The company will always be sure of a welcome when it visits Janesville.

FEEDING NEW ENGLAND.

Western Products In Favor.

A Battle Creek food concern (The Postum Cereal Co., Ltd.) are sending a prepared food called Grape-Nuts to Boston by the carload. The New England people are proverbial for the care with which they select food, and these Grape-Nuts appeal strongly to them as the article is made to supply a need for a pre-digested and toothsome food and something different from the ordinary soft mushes. They are known to possess in a concentrated form, the most valuable elements of nutrition.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

BLAMED FOR CARELESSNESS

Soldiers at Jacksonville largely responsible for their own sickness

Edwin B. Halverson and John T. Atkinson, of this city, who are members of the hospital corps stationed at Jacksonville, are now in the city enjoying a thirty day furlough. Both are enjoying good health and look none the worse for the extended service in the south. In speaking of the general condition of things about the camp at Jacksonville both Halverson and Atkinson agree that matters might be worse.

"The boys themselves are much to blame for much of the sickness," said Halverson this morning, "for at meal time they were careless as to where they threw the victuals they did not eat. The water at Jacksonville is as good as one could wish for."

Both Atkinson and Halverson expect to return.

GREWSOME TROPHIES HERE

Hangman's Noose and Black Cap Sent By Dr. Joe Whiting.

Dr. J. B. Whiting, Jr., who is now at Jacksonville, sends a souvenir to E. E. Spaulding, of this city, in the shape of a genuine hangman's noose and black cap. The noose and cap took an active part in a legal hanging in the jail at Jacksonville where a negro was swung into eternity.

Dr. Whiting was present at the hanging, as were many soldiers of the First Wisconsin. The noose and cap are on exhibition in the window of the People's drug store.

Why Railroad Men Appreciate the Lightning Jumper

We are selling many suits of the Lightning overalls and jumpers to railroad men and machinists. The good points of the overalls have been mentioned. The jumpers are cut and made with as much accuracy as a custom made coat, fitting easy over the shoulders, long in lengths, and contains improved gusset in the wrist band, which positively keeps hot cinders, etc., from working up the sleeve. They are oversized wherever there is any strain, and cut to sufficient fullness to allow for all shrinkage. T. J. Zaigler.

TWENTY DOLLARS INVOLVED

Lawsuit Involving the Price of a Lot of Cattle

In Justice Richardson's court yesterday George Charlton, of this city, was given judgment in the case of Joseph McNally. The plaintiff alleges that he purchased cattle of the defendant, who resides in the town of Harmony and in paying him gave a check for \$130 when the price agreed on was only \$110. Mr. Charlton claims that when he wrote the check he was thinking of another matter and it was only his own mistake in making it out for \$20 more than he needed to. The defendant claimed that the \$130 was the price agreed on. The court found for the plaintiff.

Fethers, Jeffries, Field and Moust appeared in Mr. Charlton's behalf, while J. J. Cunningham represented the defendant.

PLEASING MUSICAL COMEDY

"The Gay Matinee Girl" At the Myers Grand Thursday Night.

One of the clever Lew things theatrical of the past season was the operatic comedy called "The Gay Matinee Girl" which good-naturedly ridicules the "Matinee Girl" fad while yet, as Edwin P. Hilton, its exploiter, says, it also treated the "dear, deluged creature" most tenderly, interestingly, musically and withal very funnily. There seems plenty of opportunity to build around such a pleasing subject a most entertaining comedy, which many prominent critics declare has been done. Mr. Hilton has managed some of the best of our better known spectacles and dramas and he promises that the entire production, comedy company, wardrobe, scenery, etc., is wonderfully improved and will introduce those favorite comedians, Monroe and Hart, as the stars, with America's best soubrette, Mattie Vickers, as the "Matinee Girl" and an extra strong company of twenty-two well-known ladies and gentlemen in their support. This latest and best of the great big successes will be seen at the Myers Grand, Thursday, September 15, and the "Standing Room Only" sign should be seen early during the engagement.

Commander Child says that all from here are well pleased with the entire trip. At Cincinnati they found comfortable quarters and plenty to eat. The program from day to day was an excellent one and was carried out in great style. Many of those from here visited Chattanooga, Atlanta and other points, and all enjoyed the trip and are ready to go again.

RAILWAY DISASTER IN TEXAS.

Passenger Train Plunges Through a Bridge—Several Are Killed.

Texarkana, Tex., Sept. 13.—A passenger train on the Texas & Pacific railroad, consisting of an engine and four coaches, plunged through a bridge twelve miles south of Texarkana shortly after noon Monday. Four persons are reported killed outright and a number of others more or less seriously wounded. The accident was due to high water. A bridge had been weakened by the heavy rains. When the train struck the bridge the structure collapsed, precipitating the engine and four cars into the waters beneath.

Republicans Win in Maine.

Portland, Me., Sept. 13.—The state election Monday resulted in the success of the full republican ticket, as follows: Governor, Llewellyn Powers of Houlton; congressmen, 1st district, Thomas B. Reed of Portland; 2d district, Nelson Dingley of Lewiston; 3d district, Edwin C. Burleigh of Augusta; 4th district, Charles A. Boutelle of Bangor. Returns from 191 towns out of 420 indicate Gov. Powers' plurality at about 21,000, a republican loss of 21 per cent and a democratic loss of only 6 per cent. The lower branch of the legislature will probably stand 133 republicans and 18 democrats, a gain of twelve for the latter. The senate, however, will remain unchanged, being, as in former years, solidly republican.

Day Ready to Retire.

Washington, Sept. 13.—It was stated at the white house last night that Judge Day had tendered his resignation of the portfolio of state and that it would probably be accepted today after the cabinet meeting.

There is a revival of the story that Senator Hoar is to be sent to London and that Secretary Long is to be given his place in the senate. This rumor has been positively denied by friends of Senator Hoar. The friends of Senator McMillan still hope for his appointment to succeed Ambassador Hay at London, but so far as known the president has made no expression of his preference.

May Be Wall's Murderer.

Ottawa, Ill., Sept. 13.—Deputy Sheriff Morrissey thinks he arrested Otto Matties, believed to be guilty of the murder of Senator Wall, on the Chicago, Burlington & Quincy Railroad, near this city, last evening. The man closely resembles the photograph in the sheriff's office and in description and measurements exactly conforms to the circular of the sheriff of St. Clair county. He claims to be an Irishman, but his accent is pronouncedly German. Deputy Sheriff Morrissey feels sure that he has the right man.

Ireland's Elevation Not Ordered.

Rome, Sept. 13.—Mgr. Guido, auditor of the Vatican, said Monday that up to the present the pope has not given any order for the promotion of Archbishop Ireland to be a cardinal. Nevertheless, Mgr. Guido would not exclude the probability of this nomination. A powerful faction is working to induce the pope to also elevate Archbishop Corrigan to be a cardinal.

Fourteen Firemen Overcome.

New York, Sept. 13.—Fire Monday night did \$50,000 damage to the five-story brick building at 54 Beekman street, occupied by Leebecker Bros. Fourteen firemen were overcome by the fumes of burning essential oil in the basement and had to be carried to the street, where fresh air and medical attention restored them to consciousness.

Will Ask for an Injunction.

Indianapolis, Sept. 13.—The national executive board of the United Mine Workers, which is holding a secret session here, decided to apply for an injunction against the Pana, Ill., mines, where the great strike is now being fought out, on the ground that the law compelling a fire inspector is not complied with and that the mines are not prepared with proper exits.

MYSTERY IN A MURDER.

Portions of a Woman's Body Are Found Near Bridgeport, Conn.

Bridgeport, Conn., Sept. 13.—Two packages containing portions of a woman's body were found Monday on the mud flats of an arm of Yellow Mill Pond.

In the packages were the head of a woman, cut from the body near the ear, and the lower limbs, which had been separated from the body, unjointed and cut in two at the knees, then tied together and wrapped up in a strong glazed paper.

The head of the woman was battered and jammed on one side, and had a cloth tied over the mouth.

The head is thought to be that of a woman about 25 years old. Her features were worn and thin. It is surmised that the woman was about 5 feet 6 inches in height.

The Texas May Go to Asia.

New York, Sept. 13.—A special to the Herald from Washington says: "There is reason to believe that the naval department has selected the Texas as the future flagship of the Asiatic station. The understanding is that she will replace the protected cruiser Olympia, which is to be ordered to the United States as soon as her relief arrives. The Olympia's cruise expired some months ago, but the breaking out of the war necessitated her retention in the east and some hasty repairs to her machinery were made at Hongkong just before the declaration of hostilities."

Dreadfully Nervous.

GRITS.—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

The Omaha Exposition

When the World's Fair at Chicago ceased to exist, it was supposed that we should never look upon its like again. However, the Trans-Mississippi Exposition at Omaha has effectively reproduced in similarity all of the buildings which made the White City so attractive in 1893.

It does not now take two weeks to wander through the grounds and structures and then be compelled to go away with a jumble of ideas, for the Omaha Exposition people have profited by past experience, and have so improved the arrangement of exhibits that no more than two or three days of time need be consumed in admiration and inspection of the marvelous resources of the west, collected together in the chief city of Nebraska.

Even the new Midway, a reproduction of the far-famed Street of All Nations of 1893, with many improvements upon the original.

The electric lighting of the buildings, grounds and lagoon at night makes a scene of enchanting beauty, alone worth traveling a thousand miles to see.

The means of communication between the city and the grounds are simple, and the distance to be traveled is short.

The ways of reaching Omaha are innumerable, but chief among them is the direct Chicago and Omaha short line of the Chicago, Milwaukee & St. Paul railway, with its electric-lighted, vestibuled trains. Dining car service en route.

Excursion tickets are on sale at every coupon ticket office in the United States over the Chicago, Milwaukee & St. Paul railway through Northern Illinois and Central Iowa, or call on the agent for further information.

LATE NEWS BY TELEGRAPH.

DEWEY WANTS MORE SHIPS.

Reports the Situation at Manila as Critical.

REBELS WANT INDEPENDENCE.

Aguinaldo Will Probably Insist That the Americans Leave the Islands—Unwilling to Grant Us Even a Coaling Station.

Manila, Sept. 13.—Rear Admiral Dewey says he considers the situation critical. It is understood he has asked for an additional cruiser and a battleship.

The Spaniards assert that Germany will take a coaling station here, and that Spain will retain the remainder of the islands.

The last Spanish garrisons at Hocos and Laguna have surrendered, and the whole island of Luzon is in the hands of the insurgents, except at Manila and Cavite.

Aguinaldo went to Lelollos on Friday. He has announced his intention of convening an assembly of the Philippines on Sept. 15, in order to decide upon the policy to be adopted by the insurgents.

The correspondent here of the Associated Press has had an interview with Aguinaldo, who said there are 57,000 insurgents armed with rifles. He added he could raise 100,000 men. Indeed, the insurgent leader pointed out, the whole population of the Philippine islands were willing to fight for their independence.

Continuing, Aguinaldo said he had 2,000 military prisoners, including 5,000 in the vicinity of Manila, besides civil prisoners.

Later Aguinaldo said the "provisional government" was now operating twenty-eight provinces. He asserted that on Aug. 2 they elected delegates, in numbers proportionate to the population.

As to the Americans, Aguinaldo remarked that he considered them as brothers, and that "the two sovereign republics were allied against a common enemy." When questioned as to whether the future Filipino policy would be absolute independence Aguinaldo excused himself from replying and asked what America intends to do.

The correspondent being unable to answer this question, Aguinaldo continued:

"We have been fighting for independence for a long time. The natives who profess to favor annexation are insincere. It is merely a ruse to ascertain American views."

The insurgent leader denied having received a request from Gen. Otis and Rear Admiral Dewey to withdraw his troops to a prescribed distance from Manila and Cavite, and he declined to discuss the effect of such a request.

Aguinaldo further asserted that he had never conferred with the American authorities since the capitulation of Manila and that he had never authorized the insurgents to search or disarm Americans crossing the lines.

The correspondent closely questioned him about last Saturday's incident, when the Pennsylvania troops proceeded to establish a new outpost. The Filipinos objected and nearly precipitated hostilities, ordering the Americans to withdraw in twenty minutes. They issued ammunition and intercepted the American re-enforcements. Finally Gen. Hale ordered all the Pennsylvanians to advance, and the rebels withdrew.

The local governor has explained that the incident was a complete mistake and has repudiated his subordinate's action.

The whole interview conveyed the impression that Aguinaldo desires absolute independence, regards the mission of the Americans here as accomplished and expects their withdrawal.

Just as the French with Lafayette withdrew after helping the Americans in the war of independence, a war of humanity."

Just now Aguinaldo maintains the role of extreme friendship.

ARMY INQUIRY IS SURE.

Cabinet Official's Statement—Wants Open Sessions.

Washington, Sept. 13.—It is stated by a cabinet officer that there will certainly be an investigation of the war department. This refutes intimations from high sources that if the president could not get a suitable commission from the nine names made public he would abandon the effort. This cabinet minister says that the president is provided with a number of other names, and when a sufficient number of positive declarations has been received offers will be made to the second group.

He said there would be but little delay in completing the commission, as the president was very anxious to have the investigation started. The president thinks that there is no reason why the commission should not be organized in less than two weeks.

It is the intention of the president that the commission sit in Washington and that the sessions be open. This insures a full report of the investigations in the newspapers.

SPAIN IS IN A TURMOIL.

Army is Growing More and More Antagonistic to the Government.

Madrid, Sept. 13.—News of the ces-

The feeling of the Spanish army against the members of the cortes and ministers in general is growing. Sagasta's position is certainly threatened and a Silvela cabinet is becoming more and more probable. The whole political situation here is uncertain. The war minister has succeeded in getting the artillery officers to renounce their determination not to accept the recompenses merited in recent colonial wars, but the germ of the insubordination remains.

The Carlists hope to have the support of a part of the army, especially the artillery. Many republicans have been arrested at Catalonia.

READY TO DECIDE.

President's Philippine Policy Soon to Be Declared.

Washington, Sept. 13.—President McKinley will formulate his policy toward the Philippines this week. Secretary Day of the state department, who is to be chairman of the American peace commission, arrived Monday from Canton, Ohio. He announces that all the commissioners will be in Washington Wednesday. They will meet on that day or on Thursday, perhaps on both days, and will hold one or more conferences with the president. The Philippine problem will be discussed in all its phases, and the president will impart his wishes to the commission. It does not follow that he will give the commissioners hard and fast instructions, but it is expected he will outline in a general way the policy he would have the commission observe. It is expected the negotiations will progress slowly.

Illinois Colonel Under Arrest.

Jacksonville, Fla., Sept. 13.—Col. Casimir Andel of the Fourth Illinois was arrested Monday by order of Gen. Hubbard, commanding the Third division, on serious charges filed against him by Lieut.-Col. S. A. D. McWilliams and Majors Lang, Bennett and Elliott. The charges filed against the colonel allege incompetency, ignorance of military rules, usages and customs. Other charges are to be brought in, it is said, and doubtless the court-martial may be a sensational one.

Big Ships Expected to Sail.

New York, Sept. 13.—At the navy yard Monday it was said that sailing orders from Washington for the Oregon, Iowa and Texas would soon be received. Work is being rushed on all these ships. All have been in dry dock, and the heaviest part of the work that was required to be done upon them is nearly completed. They are now taking on coal, powder and shells. It is said that these ships will join Admiral Dewey's fleet.

To Muster Out at Home.

Milwaukee, Wis., Sept. 13.—Capt. Buck, who will muster out the Wisconsin troops, will be assisted by Capt. E. P. Andrews, Fifth cavalry, who has been appointed to do this work. The officers will travel around the state to the homes of the various companies and will muster them out one at a time.

Cervera and His Men Set Sail.

Portsmouth, N. H., Sept. 13.—The City of Rome, with Admiral Cervera and staff and over 1,700 Spanish prisoners, sailed Monday afternoon for Santander, Spain. Of the number 1,663 men were from the prison at Seavey's Island.

Fifth Illinois Men Go Home.

Springfield, Ill., Sept. 13.—All the members of the Fifth Illinois infantry except those who were selected to do guard duty at Camp Lincoln have returned to their homes to spend thirty-day furloughs.

Washington, Sept. 13.—The Sixth Illinois regiment, which left Porto Rico Sept. 7, is expected to arrive at New York Sept. 13 or 14. The soldiers are on the Manitoba, which is a slow ship.

Mine Workers in Session.

Indianapolis, Ind., Sept. 13.—The national executive board of the United Mine Workers of America met here Monday. All the members of the board are present, including representatives from various states. Among the members of the executive board are several state presidents of the mine workers' organization. One of the main questions to come up is whether Mr. Rathford, who has recently been appointed a member of the industrial commission by President McKinley, will continue to serve as president of the mine workers' association. The board will determine the question.

Labor Asks for Certain Laws.

Milwaukee, Wis., Sept. 13.—The second and last meeting of the State Federation of Labor of Missouri, Michigan, Iowa, Minnesota, South Dakota, Illinois and Wisconsin was held Monday. SICK IN PORTO RICO.

Majority of Cases, However, Are Not Serious—Yellow Fever Victim.

Ponce, Porto Rico, Sept. 13.—General Henry's report to General Brooke yesterday on the condition of the troops on the south side of the island shows there are 1,553 sick out of a total of 11,000—the highest percentage yet reported. General Ernst's brigade, consisting of the First Kentucky, the Third Wisconsin and the Sixteenth Pennsylvania, averages 27 per cent. Half of the 600 cases are diarrhea and fifty-eight are typhoid fever. Gen. Schwan's brigade has 180 sick and the First volunteer engineers forty-nine. Gen. Grant's brigade has 130 sick; battery M, Seventh artillery, 28; battery A, Sixth artillery, fifty sick, and troop S, Second cavalry, forty-one. There is almost no sickness in battery B, Fifth artillery; battery C, First artillery, and the First battalion of engineers.

Although the percentage of sickness is high generally, a large proportion of the cases are not serious and the death rate is low. Typhoid fever is decreasing and there is no occasion for alarm.

TO REPRESS ANARCHY.

Growing Belief in Necessity of International Action.

Berlin, Sept. 13.—In consequence of the murder of the Empress of Austria at Geneva and the revelation of a general plot to assassinate other rulers, there is much discussion of the need of drastic measures to stamp out anarchy.

Herr Göt has signified his intention to propose in the Reichstag the adoption of international measures for the repression of anarchists.

The newspapers discuss the question of international repression of anarchists with much unanimity in favor of the scheme.

The Post declares that anarchists do not deserve to be treated like men. The Zeitung asks that all governments undertake to expel, under escort to the country of his origin, every avowed anarchist.
